

Title: On any page of the website. A yellow “phone” icon of the call widget is half-cut.

Priority: High

Severity: S4 Minor

Environment:

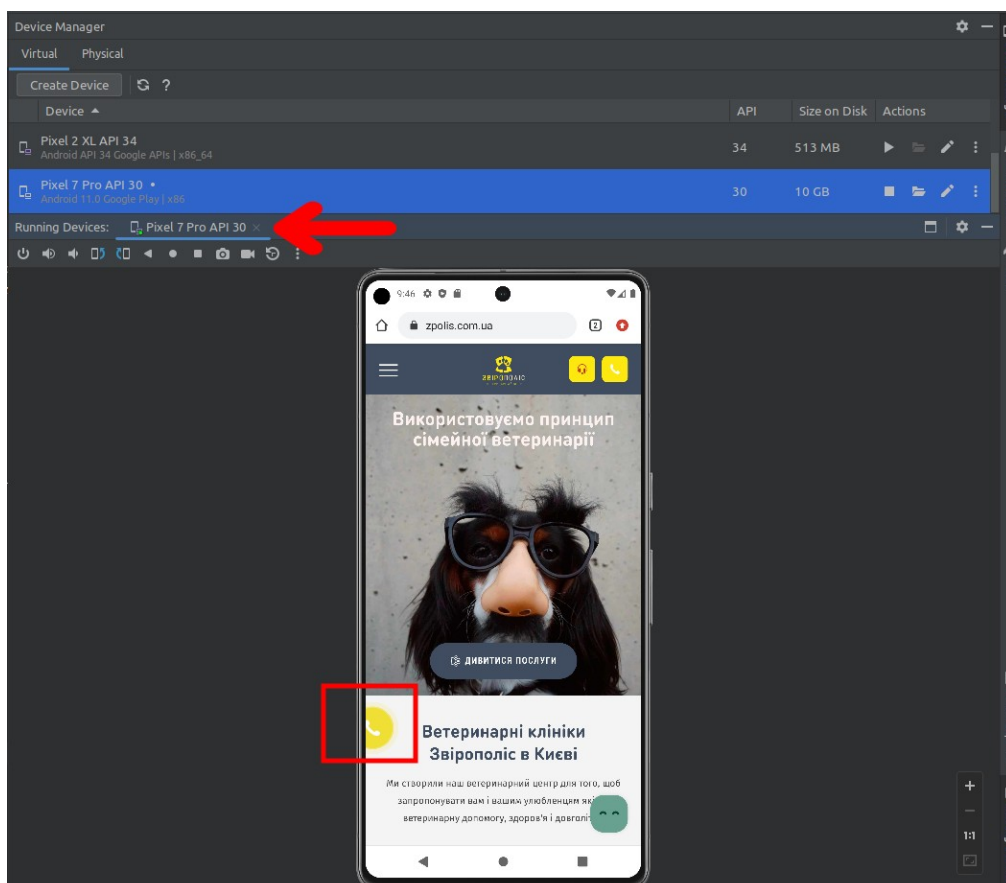

Google Pixel 7 Pro (3120×1440, Android 11 OS). Tested via Android Studio.

Steps to reproduce

1. Open the Main page: <https://zpolis.com.ua>
2. Look at the yellow “phone” icon on the left side of the screen.

Actual result

We see that a half of the yellow phone icon image is cut

Expected result

The icon image must be totally visible.
