Title: On the "IMAX Laser's" page. Choosing another theater name at the right upper-corner of the page doesn't switch to the chosen theater.
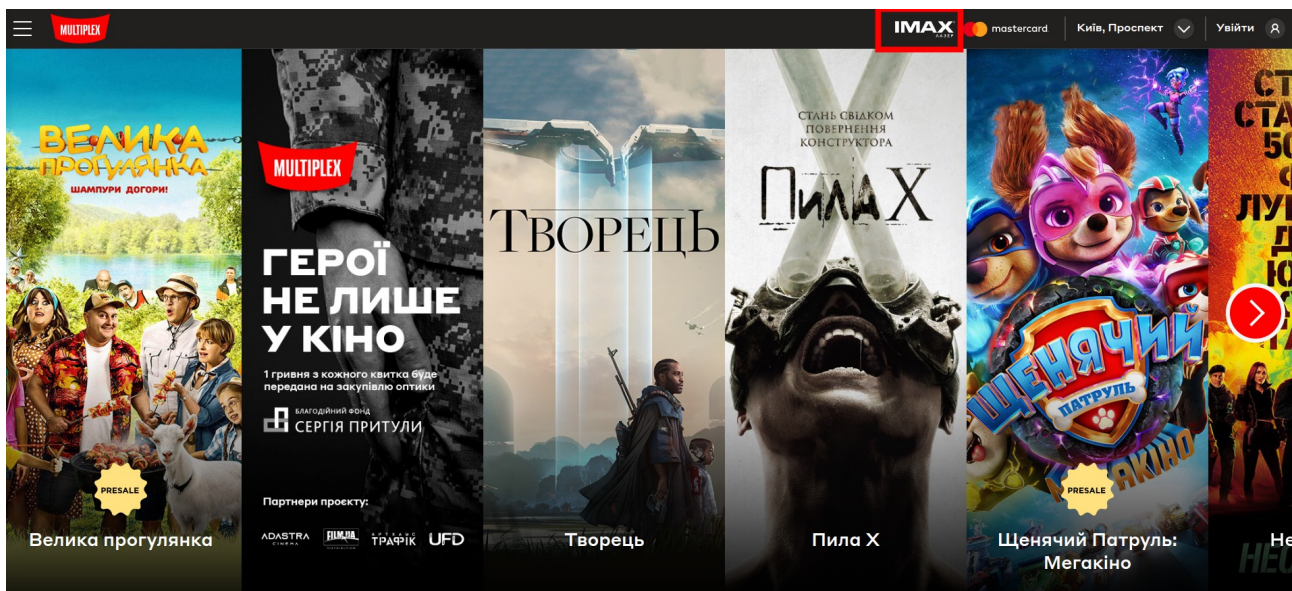

**Priority:** Medium

Severity: S4 Minor

**Environment:** Browser Mozilla Firefox 118.0.1 (64-bit)

Steps to reproduce

1. Go to the Main page https://multiplex.ua/

2. Click "IMAX" on the header of the page:

3. Click a "down" arrow near to the "Лазер" word

4. In a drop-down menu, click on the "Проспект" theater title (or on any other title of the theater)

Actual result

The title of the theater is not changed to "Проспект" on the header of the page. We still see the initial title:

Expected result

The title of the theater is changed to "Проспект" title (or to any other chosen in the drop-down menu title) on the header of the page.
